- Presented the project to a Hackathon Panel and an audience of around 50 people

Reddit Karma Generator | [Github](#)

Sep 2016

- A simple bar graph generator based on reddit username
- Completed using python packages praw and matplotlib

PROFESSIONAL EXPERIENCE

Web Developer Co-op | **Historical Society of Pennsylvania**

Mar — Sep 2015 | Philadelphia, PA

- Led project management in the full-cycle development of HSP website. This included analyzing databases for research, communicating with HSP for product requirement writing, concept development, and creation of mobile website for HSP site
- Collaborated with lead web developer to develop new customer features and workflows using JavaScript and PHP
- Relied on Google Analytics to create custom reports which were used to analyze and predict mobile web trends and presented findings to management on a weekly basis that eventually increased user traffic by 10%

Network Administrator Co-op | **DSG Global Headquarters**

Mar — Sep 2014 | Malvern, PA

- Improved network by performing network monitoring/analysis; performance tuning; troubleshooting network problems; and escalating problems to vendor which eventually increased network performance by 15%
- Performed network and desktop training workshops for staff that helped increase productivity of the company
- Helped to optimize the daily and weekly SQL backup process by automating parts of previously used backup processing

VOLUNTEER EXPERIENCE

Volunteer Intern | **Open Learning Exchange Nepal**

Aug 2010 — Jun 2011 | Nepal

- Prepared new computers and servers for deployment in Nepal to help develop education for rural and underfunded schools
- Assisted engineers by travelling to the rural schools and completed workshops for teachers and installed new hardware
