---

## PROFESSIONAL EXPERIENCE

---

### Front End Developer | Brimar Industries

Jan 2017—present | Garfield, NJ

- Utilize JavaScript and HTML/CSS to translate mockups into fully functional features and new user- interfaces
- Perform peer code reviews, diagnose and resolve bugs, and participate in daily SCRUM meetings
- Prioritize the work in transforming Brimar's e-commerce websites into responsive views to increase sales through mobile users

### SAT/ACT Tutor

2014—present | NJ/PA

- Provide in-person tutoring mostly for College preparation tests
- Helped Improve scores on an average of 20% for more than 50 high school students so far

### Web Developer Co-op Intern | Historical Society of Pennsylvania

Mar — Sep 2015 | Philadelphia, PA

- Analyzed databases for research, concept development, and creation of mobile website
- Collaborated with lead web developer to develop new customer features and workflows using JavaScript and PHP
- Relied on Google Analytics to create custom reports which were used to analyze and predict mobile web trends and presented findings to management on a weekly basis that eventually increased user traffic by 10%

### Network Administrator Co-op Intern | DSG Global Headquarters

Mar — Sep 2014 | Malvern, PA

- Improved network by performing network monitoring/analysis; performance tuning; troubleshooting network problems; and escalating problems to vendor which eventually increased network performance by 15%
- Performed network and desktop training workshops for staff that helped increase productivity of the company
- Helped optimize the daily and weekly SQL backup by automating parts of previously used backup processing

---
